1. Беляева Ю.О., Стационарные решения уравнений Власова для высокотемпературной двухкомпонентной плазмы// Современная математика. Фундаментальные направления.—2016. —62. — С. 19 - 31.
Belyaeva, Y. O., Stationary Solutions of the Vlasov Equations for a High-Temperature Two-Component Plasma, Journal of Mathematical Sciences (United States), Vol. 239, No. 6, June, 2019, p.739-750.
DOI: 10.1007/s10958-019-04323-9
2. Беляева Ю.О., Скубачевский А.Л., Об однозначной разрешимости первой смешанной задачи для системы уравнений Власова-Пуассона в бесконечном цилиндре// Записки научных семинаров ПОМИ — 2018. — 477. — С. 12-34.
Belyaeva, Y. O., Skubachevskii, A. L., Unique Solvability of the First Mixed Problem for the Vlasov–Poisson System in Infinite Cylinder, Journal of Mathematical Sciences (United States), February 2020, Volume 244, Issue 6, p. 930–945.
DOI: 10.1007/s10958-020-04665-9
3. Belyaeva Yu.O., Stationary solutions of the Vlasov-Poisson system for two-component plasma under an external magnetic field in a half-space// Mathematical Modelling of Natural Phenomena. — 2017. — 12, №6. — С. 37-50.
DOI: <https://doi.org/10.1051/mmnp/2017073>
4. Беляева Ю. О., Скубачевский А. Л., О классических решениях первой смешанной задачи для системы уравнений Власова-Пуассона в бесконечном цилиндре// Доклады Академии Наук. — 2019. — 484, №6. — С. 663–666.
DOI: 10.1134/S1064562419010277
5. Belyaeva Yu.O., Gebhard B., Skubachevskii A.L. // A general way to confined stationary Vlasov-Poisson plasma configurations // Kinetic and Related Models, Vol. 14, N. 2, 257-282.

Тезисы докладов

1. Belyaeva Yu. O., Skubachevskii A.L., Stationary solutions of the Vlasov equations for high temperature plasma, Proceedings of the Nineteenth International Scientific Conference Distributed computer and communication networks: control, computation, communications (DCCN-2016), PFUR, M., 2016, v. 3, p. 60 - 64.

2. Belyaeva Yu., Stationary Solutions of the Vlasov System under External Magnetic Field in the Half-Space, The 8th International Conference on Differential and Functional Differential Equations. Moscow, Russia, August 13-20, 2017. International Workshop "Differential Equations and Interdisciplinary Investigations". Moscow, Russia, August 17-19, 2017: abstracts. PFUR, M., 2017, p. 22-23.
3. Belyaeva Yu., Stationary solutions of the Vlasov-Poisson system for two-component plasma in a half-space, Proceedings of the International Conference XXVIII Crimea Autumn Mathematical School KROMSH-2017, Simferopol, 2017, p. 119- 121.
4. Belyaeva Yu. O., Stationary solutions of the Vlasov-Poisson system in a half-space, XXV International scientific conference of students and young scientists "Lomonosov-2018" (Moscow, 2018), abstracts, Maks-Press, 2018.
5. Belyaeva Yu. O., Classical solutions of the Vlasov-Poisson equations with external magnetic field in an infinite cylinder, The International Conference dedicated to the 90th anniversary of V.A. Il'in "Modern Methods in Boundary Value Problems Theory. Pontryagin Readings – XXIX" (Moscow, 2018), abstracts, I: Maks-Press, 2018, p. 247-248.
6. Belyaeva Yu. O. On unique solvability of the Vlasov-Poisson system in an infinite cylinder, 5th International conference "Function spaces. Differential operators. Problems of mathematical education", dedicated to corresponding member of the Russian Academy of Sciences (RAS), member of the European Academy of Sciences, professor L.D. Kudryavtsev on occasion of his 95th anniversary (November 26–29, 2018, Moscow, Russia), abstracts, PFUR, 2018, p.117-118.
7. Belyaeva Yu. O., On the classical solutions of the Vlasov-Poisson system in an infinite cylinder, International School-Conference "Sobolev Readings" dedicated to the 110th anniversary of the birthday of Sergei L. Sobolev (December 10–16, 2018, Novosibirsk), abstracts, 2018, p.62.
8. Belyaeva Yu.O., Stationary Solutions of the Vlasov-Poisson System with an External Magnetic Field, FRONTIER IN MATHEMATICS AND COMPUTER SCIENCE Abstracts of the International Online Conference (October 12–15, 2020, Tashkent), p. 26.
9. Yu.O. Belyaeva, A.L. Skubachevskii, Characteristics of the Vlasov equations in an infinite cylinder, Third Virtual Workshop on Numerical Modeling in MHD and Plasma Physics: Methods, Tools, and Outcomes. Honor of Academician Guri I. Marchuk 95th Birthday (October 12-16, 2020), p. 20.
10. Беляева Ю.О., Скубачевский А.Л., О существовании стационарных решений системы уравнений Власова-Пуассона, Материалы Международной конференции Воронежской весенней математической школы, Понтрягинские чтения XXXII (3-9 мая 2021 г.), с. 37.
